BELL ATLANTIC - MAINE
Interconnection Agreement with
COMAV Telco, Inc.

ORDER APPROVING
INTERCONNECTION
AGREEMENT

WELCH, Chairman; NUGENT, Commissioner

In this Order, we approve an interconnection agreement between New England Telephone and Telegraph Company d/b/a Bell Atlantic (Bell Atlantic) (f/k/a NYNEX) and COMAV Telco, Inc. (COMAV), pursuant to section 252 of the Telecommunications Act of 1996.

On June 12, 1998, Bell Atlantic filed a negotiated interconnection agreement with COMAV Telco, Inc., pursuant to 47 U.S.C. § 252 enacted by the Telecommunications Act of 1996. Interconnection agreements provide for interconnection between an incumbent local exchange carrier (ILEC) and another telecommunications carrier, including a competitive local exchange carrier (CLEC). An interconnection agreement may allow a telecommunications carrier to purchase unbundled network elements, or local services at a discounted wholesale rate (the discount reflecting avoided cost), or both, from an ILEC (or CLEC)

COMAV Telco, Inc., will pay to Bell Atlantic the interconnection prices contained in the voluntary agreement that was reached pursuant to arms-length negotiations between the parties. The pricing standards contained in 47 U.S.C. § 252(d) apply only to arbitration proceedings under section 252(b) and not to negotiated agreements under section 252(a). Bell Atlantic does not represent that the prices contained in the Agreement are

consistent with the section 252(d) pricing standards or with any other state or federal policy.

Section 252(e)(2) states that a state commission may reject a negotiated agreement only if it finds that "the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement" or if "the implementation of such agreement or portion is not consistent with the public interest, convenience and necessity." We received no comments by the comment deadline set in a June 19, 1998 Notice of Agreement and Opportunity to Comment.

We cannot make either of the findings set in section 252(e)(2) for rejection, and we therefore approve the agreement. We qualify that approval in two respects, however, and reserve findings on future potential issues.

First, we reserve judgment on whether the rates contained in the agreement are reasonable from the perspective of Bell Atlantic's retail ratepayers. Bell Atlantic is presently under an alternative form of regulation (AFOR) ordered by the Commission in Docket No. 94-123. The AFOR began in December, 1995. Under the AFOR, Bell Atlantic bears the risk of lost revenues resulting from rates that are too low. However, at the end of the initial 5-year period of the AFOR, and in 2005 if the present AFOR is renewed, we may have occasion to review Bell Atlantic's earnings. We do not resolve whether Bell Atlantic is receiving reasonable compensation from any CLECs that may avail themselves of the rates provided to COMAV Telco, Inc. pursuant to 47 U.S.C. § 252(i) and, if they are not reasonable, whether we should impute revenues to Bell Atlantic.

Second, section 271(c) of the Act, 47 U.S.C. § 271(c), requires that the Bell Operating Companies (BOCs) meet certain

requirements before they are allowed to provide interLATA service (the so-called "competitive checklist"). Under section 271(d)(3), the Federal Communications Commission (FCC) must determine whether the BOC has met the competitive checklist before granting the BOC authority to provide interLATA service within its region. Prior to making that determination, the FCC must consult with state commissions "in order to verify the compliance of the BOC with the checklist." Our approval of this Agreement should not be construed as a finding that Bell Atlantic has met those requirements.

The agreement filed by Bell Atlantic incorporates a blank Schedule 4.0 entitled "Network Interconnection Schedule." It contains the notation "TBD" (to be determined) for the Activation Date. When the parties agree on content for that page and an Activation Date, they should file a completed Schedule 4.0 as an amendment to the agreement we approve today.

If COMAV Telco, Inc., wishes to provide public utility services (other than mobile telecommunications services as defined in 35-A M.R.S.A. § 102(9-A)), it must seek Commission authorization to provide those services pursuant to 35-A M.R.S.A. § 2102, and will be required to maintain schedules of rates, terms, and conditions pursuant to 35-A M.R.S.A. §§ 304-309.

The agreement filed by Bell Atlantic provides for interconnection between COMAV Telco, Inc., and Bell Atlantic's network in Maine. If COMAV Telco, Inc., seeks to interconnect with networks maintained by independent local exchange carriers in Maine, it must seek a termination, suspension, or modification of the exemption contained in 47 U.S.C. § 251(f)(1)(A).

ORDERING PARAGRAPHS

Accordingly, we

1. Approve the Interconnection Agreement between New England Telephone and Telegraph Company d/b/a Bell Atlantic (f/k/a NYNEX) and COMAV Telco, Inc., attached hereto, pursuant to 47 U.S.C. § 252(e); and

2. Order that the Administrative Director shall make a copy of the attached Agreement available for public inspection and copying pursuant to 47 C.F.R. § 252(h) within 10 days of the date of this Order.

Dated at Augusta, Maine this 2nd day of July, 1998.
